What you can do:

Help Hurricane Ike Victims Today.

Episcopal Relief & Development is addressing the needs of the affected communities in the aftermath of Hurricane Ike.

On Saturday September 13th, Hurricane Ike made landfall in the United States destroying the town of Galveston, Texas and smashing through the Gulf Coast region. The Hurricane has left more than 50 people dead and the scope of the destruction is still being discovered.

Our staff is in contact with impacted dioceses of Texas, West Texas and Western Louisiana and monitoring the damage caused by the storm.

The Episcopal Diocese of Texas has been deeply affected by the storm. Many of the affected areas still do not have water, power or enough gasoline for residents.

Episcopal Relief & Development is providing immediate and long-term assistance to people living in the midst of this hurricane season.
