

Touch the lives of children who are hungry ... around the corner and around the world.

## EPISCOPAL World Hunger Sunday

### Facts and Stats

■ The Episcopal Church in the U.S. has joined with the global community to cut hunger in half by 2015.

■ In 2002, 13 million children in the U.S. lived in homes that struggled to put food on the table.

■ For 842 million people in the world today, hunger is a daily battle.

■ 29,000 children die each day in our world from hunger and related diseases.

**T**oday is Episcopal World Hunger Sunday. With your help, we're setting our sights on an important new goal for 2004 and beyond! In support of the United Nation's global Millennium Development Goals, *our vision is to cut in half by 2015 the number of children who suffer from hunger in the U.S. and worldwide.*

For as little as 7¢ per American per day — that's only \$25.55 per person per year — world hunger can be cut in half by 2015 and we can improve how children grow up in our world today.

Imagine what your parish could do if everyone contributed something! That's what the 2004 Episcopal World Hunger Sunday is about — each person in every Episcopal parish being as generous as possible.

Today, when you contribute to your parish's 2004 Episcopal World Hunger Sunday offering — **please use the special offering envelope provided** — your donation will be used to alleviate the suffering of children and their families who are hungry both locally and worldwide. Your parish will decide how your hunger offering will be used.

**When you contribute today, you'll receive a special commemorative magnet to thank you and to remind you to pray every day for children who suffer from hunger — locally and globally.**

*"Truly I tell you, just as you did it to one of the least of these who are members of my family, you did it to me."*

MATTHEW 25:40 (NRSV)
