

# Give Today and Help People Burned Out by Wildfires!

Deadly fires are raging across five counties in Southern California. So far, lives have been lost, homes destroyed, and land charred.

Tens of thousands have been forced from their homes. Families are gripped with fear and uncertainty. But you have an opportunity to act with compassion.

*Your gift today will help provide critical assistance to people who have lost homes and belongings and struggle to live their lives each day.*

Episcopal Relief and Development immediately sent emergency funds to the Diocese of Los Angeles and Episcopal Community Services of San Diego. These funds will provide face masks, clean water, temporary shelter, food, clothing, and other critical supplies.

We will continue to work with both dioceses to meet the needs of families. Please join us and pray for people affected by this growing natural disaster.

For more information about the fires and ways to help, please visit [www.ecscalifornia.org](http://www.ecscalifornia.org) and [www.ladiocese.org](http://www.ladiocese.org).

To help those affected, please mail contributions to **Episcopal Relief and Development** and designate gifts for **California Wildfires Fund**.
