

On September 25th, Join the global movement to achieve the Millennium Development Goals!

The importance of achieving the Millennium Development Goals (MDGs) was front and center at the Lambeth Conference in July 2008. Anglican bishops worldwide took part in the Lambeth Walk of Witness for the MDGs as a call to all members of the Anglican Communion to do their part to reach these life-saving goals.

On September 25th, the United Nations will hold a Special Session to determine what the world still needs to do to realize the Millennium Development Goals by 2015. To commemorate this day, the Provinces of the Communion are calling for a day of prayer, fasting and witness.

You can do your part to realize the MDGs by supporting Episcopal Relief & Development's Millennium Development Goals Inspiration Fund, a partnership with Jubilee Ministries and the Executive Council of the Episcopal Church. With the help of Episcopal congregations across the country, we are raising \$3 million by 2009 to fight malaria and other preventable diseases in Africa and Asia and to fight disease and provide health care in Latin America and the Caribbean. We have already brought in more than \$2 million!

Your support of the MDG Inspiration Fund provides such things as:

- long-lasting insecticide-treated nets that prevent the deadly transmission of malaria
- training on HIV/AIDS and malaria prevention
- clean water sources and sanitation infrastructure for communities
- health care for pregnant women and their children

Your commitment to promote health and fight disease saves lives and is a powerful reminder that the Episcopal Church takes Mission seriously.
