Commemorate World Malaria Day

Courtesy of Harvey Wang for
Episcopal Relief & Development

Every day, 2,000 children under five years of age die from malaria in sub-Saharan Africa, with nearly 1 million people dying each year. Malaria is caused by a parasite transmitted through an infected mosquito that usually bites at night while people are sleeping.

Sleeping under an insecticide -treated net protects people from malaria, yet most people do not have access to one. Contributions to *NetsforLife®*, Episcopal Relief & Development's malaria prevention program, provide insecticide-treated nets, training on how to use them and mosquito control techniques to remote communities in sub-Saharan Africa.

Please help people whose lives are at risk from malaria. Your gift allows Episcopal Relief & Development to provide nets to the people who need them most. So far, *NetsforLife®* has distributed over 1 million nets across 17 countries. With your help we will expand our efforts and deliver 7 million more nets over the next seven years. This simple device, combined with training on how to effectively use it, costs only $12 and may be the single greatest lifesaver in sub-Saharan Africa.

On April 25th, World Malaria Day, please join us in prayer and support for those whose lives have been impacted by malaria.

COUNT ME IN!

I want to help fight malaria by supporting *NetsforLife®*.

Here's my gift:

☐ $12, one net ☐ $120, ten nets
☐ $60, five nets ☐ other amount $_____

Episcopal Relief & Development
Healing a hurting world

FOR TAX DEDUCTIBLE CREDIT CARD DONATIONS

Please charge my life-saving gift to my: ☐ VISA ☐ MasterCard ☐ AMEX ☐ Discover
